

Daniel Spagnolo.

Senior Product Designer

EXPERIENCE

Senior Product Designer — Unmind

Jan 2021 - Dec 2021 / London, UK

Design lead for Unmind's Adoption squad (web, iOS, and Android) — re-designed user account creation flow increasing sign-ups.

Accessibility working group Design lead — improving accessibility and processes across the product.

Design lead on internationalisation of product for localisation.

Member of Unmind's Diversity, equity, and inclusion working group.

Senior Product Designer — Babylon Health

Jun 2019 - May 2020 / London, UK

Design lead for Babylon Health's NHS "GP at Hand" enrolment service (for Web, iOS, and Android).

Design improvements to maximise registration automation for the NHS "GP at Hand" service.

Contributing to and improving Babylon's design system.

Senior Product Designer — Onfido

Oct 2016 - Dec 2018 / London, UK

Design lead for the identity verification Web SDK. Designed web-based face liveness detection — an industry first.

Redesigned the Employee Applicant form — this was instrumental in signing new clients such as Google and Tesco.

Design lead on the creation of Onfido's design system.

Drove the initiative to make Onfido's products AA accessibility standard compliant.

UX/UI Designer — Reed.co.uk

Aug 2014 - Jun 2016 / London, UK
